## SECURITY SYSTEM

### Free-550CF

**FULL FEATURED SECURITY**

The Freedom 550 is based off of Omega's platform of the world's best-selling vehicle security systems. Don't under estimate it just because it's entry-level. The 550 is packed with all the features you need to effectively protect any vehicle. It features 2 attractive four button black transmitters with stamped stainless steel plates. It also includes starter interrupt, our AU-84TM dual zone shock sensor, 14 programmable features, up to 3 auxiliary outputs, dome light illumination, 2-In-1 Psyren™, and a dedicated horn output.

The 550CF includes 2 carbon fiber transmitters

## SELF CONTAINED SECURITY SYSTEM

### Free-400

**ALL IN ONE SECURITY**

The Freedom 400 is a full featured security solution designed with quick installation in mind. This alarm can be installed with as few as 2-wires giving you current sensing, a built in dual zone shock sensor, and siren alert! Expand its capabilities by connecting light flash, starter interrupt, status light, and valet/override switch. You can even upgrade it to keyless entry with the addition of our optional DM-1 module. The 400 features 2 attractive four button black transmitters with a chrome plated metal body and bright blue LED's. Configure it with 6 programmable features.
